EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. The application has been amended as follows: This application is in condition for allowance except for the presence of claims 21-32 directed to an invention non-elected without traverse. Accordingly, claims 21-32 have been cancelled.
3. Claims 34-42 have been amended by replacing the phrase "adhesive composition" in line 1 of each claim with the word --- method ---. This amendment is made to correct an obvious oversight in correlation of the dependent claims to the independent claim from which they depend. Claim 33 has been amended by deleting the first occurrence of the word "to" from step (2) of the method.
4. The Specification has been amended to update the Cross-Reference to Related Applications by adding, after the phrase "November 19, 2001,", the phrase --- now U. S. Patent 6,632,873, ---.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: although the prior art teaches adhesive compositions with isocyanate prepolymers and emulsions as claimed, nowhere in the closest prior art as cited do we find the proportions of components nor the use of the adhesives for production of claimed wood laminates (not even the suggestion of using the adhesive for adhering wood is made although a broad range of

substrates is disclosed). Applicants' claims are, therefore, both novel and unobvious over the closest prior art as cited.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bernard Lipman whose telephone number is 571-272-1105. The examiner can normally be reached on 8-5 Mon-Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on 571-272-1114. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
